Form - Duty of Candour Annual Report

All health and social care services in the UK have Duty of Candour responsibilities. This is a legal requirement which means that when things go wrong and mistakes happen, the people affected understand what has happened, receive an apology and organisations learn how to improve for the future.

An important part of this duty is to provide an annual report about the duty of candour in our service. This short report describes how the Care Home has operated the duty of candour during the last year. We hope you find this report useful.

What year does this annual report relate to?: 2025

Please provide a short explanation of the learning from any Duty of Candours (Please do not provide any information that could identify individual residents): The two duty of candour incidents last year were both residents who fell and sustained a fracture to neck of femur . I can not find any documentation in relation to Duty of Candour processes being followed, I could only find the Care Inspectorate notifications

Duty of candour informs our learning and planning for improvements as a service, and as a company. It has helped us to remember that people who use our services have the right to know when things could be better, as well as when they go well.

Do you confirm that you have made this report available to the regulator but in the spirit of openness, have also published it to share with residents and their relatives too.: NO

Why has this report not been made available?: I took up post as HM in December 2025 and can not find any documentation to support Duty of Candour being followed
